

Xltec Recruitment (Offshore Services) Ltd.

Company Profile

Xltec Recruitment was created with the aim of offering both employers and candidates a service that provides value for money and a successful outcome.

Unlike the vast majority of agencies out there, Xltec Recruitment are determined to address our clients' recruitment needs from their perspective.

Therefore we won't look to charge exorbitant fees, bombard you with blanket emails and advertising material, pressurise or push you for a decision, harass you with constant calls, or engage in any of the other activities that you have come to dislike.

We deliver a bespoke service, tailoring what we provide to your requirements.

Xltec's experienced consultants have been successfully recruiting in a variety of specialist sectors for many years. All of our Senior Consultants have a minimum of five years experience in recruitment.

Capability

Our team have a wide range of experience delivering recruitment excellence to the oil and gas market. The company's focus has always been to deliver a high quality service, focusing on matching the best possible candidate first time.

We have successfully led and managed recruitment campaigns for a wide range of consultancies, service contractors, operators, drilling contractors and major design and build organizations. We are the consultant of choice with many of these companies, whether for large scale, retained or contingent recruitment.

Through our network of contacts and extensive industry knowledge, we are able to place candidates in the following areas, as well as many more:

Structural engineering
Project management
Mechanical
Piping
Well supervision
FPSO
Subsea engineering
